Beginning Fund Balance July 1	7,062,857		7,062,857
Ending Fund Balance June 30	6,479,478	-44,500	6,434,978

Explanation of increases or decreases in revenue estimates, appropriations, or available cash:

Increased revenue and expenses by \$11,550 for projects funded by Howard Community Foundation Grants.
Expenses increased by \$31,500 for parking lot overlays and stoplight maintenance. Attorney fees increased by \$7,000 for legal fees for amending and extending the tax abatement program. A \$6,000 mower was purchased on trade-in this year instead of waiting until after July.

There will be no increase in tax levies to be paid in the current fiscal year named above related to the proposed budget amendment. Any increase in expenditures set out above will be met from the increased non-property tax revenues and cash balances not budgeted or considered in this current budget.

Michelle Girolamo
City Clerk/ Finance Officer Name

Budget Amendment – Public hearing for the budget amendment for projects funded by the Howard County Community Foundation grants, parking lot overlays, legal fees for amendment and extension of the Urban Revitalization Plan, and a mower purchased before yearend.

Water Rates – Public Hearing for Ordinance amendment to increase water rates by 5% from \$4.24 to \$4.45 per 1,000 gallons. Mayor will perform the third reading of the proposed ordinance #462 and possible approval of the ordinance. This will take effect on the July 1, 2016 billing.

Wage Increases – Personnel Committee recommends increasing the full-time nonunion employees wages by 4% consistent with the Union Contract for Union positions effective July 1, 2016.

Wage Increases – Personnel Committee recommends increasing the permanent part-time employees' wages by 2% consistent with last year's increases. Raises will be effective July 1, 2016.

Sewer Rate Changes – Public Hearing for Ordinance amendment to increase sewer rates by 1% from \$7.60 to \$7.70 per 1,000 gallons. Mayor will perform the third reading of the proposed ordinance #463 and possible approval of the ordinance. This will take effect on the July 1, 2016 billing.

Compost – Last week somebody lit a chair on fire at the compost site. This ignited the whole pile. The Fire Department fought the fire to try to put it out but it kept getting hot spots and they ended up fighting it for several hours and were called back. We need to address the problems of people dumping their junk out there and also the problem of people starting it on fire. We have decided to grind the pile instead of burning it annually but over the past few years it has been started on fire before we did the grinding. Possible solutions include locking the gate – then would have to hire someone to man it during the weekend or check out the key from City Hall during working hours. Problems with people leaving their compost outside the locked gate have been experienced in the past. We would probably need to do more yardwaste pickup services throughout the summer. Another solution could be installing and monitoring a sophisticated surveillance system and then prosecuting people abusing their privileges. We need to discuss these options or others that we come up with.

Michelle

Mayor Bohle called the Cresco City Council meeting to order on May 16, 2016, at 7:00 pm at City Hall. Council Members Carman, Bouska and McCarville were present. McGee arrived at 7:01 pm. Brenno was absent.

Carman made the motion to approve the consent agenda which included approval of the agenda; claims; minutes of the May 2, 2016 council meeting; Class E Liquor License (LE) and Class B Wine Permit and Class C Beer Permit (carryout beer) to Fareway Stores Inc d/b/a Fareway Stores Inc #815. Bouska seconded and it passed all ayes.

Public Works Director Freidhof reported (a) street lights should all be up and operating by the end of the week; (b) spreading rock in some of the alleys; (c) almost finished hauling sludge out of the sewer plant; (d) Mehmert started on the small water loop on 4th Street; (e) the solar installations are done except the well at Kessel Park. They should be operational soon; (f) Mark, Michelle & I toured Cresco Foods and saw the new filtering system. This should remove all of the particulates which will hopefully remove most of the smell. Water will be used to screen the air before it goes out the stack. They have spent a lot of money, time and effort in trying to eliminate the odor problems. The Manager, John Anderson, is serious about trying to solve the problems. Everyone hopes this will work to reduce the odor issues and it should eliminate the film that was getting on cars and buildings.

City Clerk Girolamo submitted the financial statements in the Council packets. Mediacom will be converting to a digital only signal on June 15, 2016 all of their customers will get a letter informing them of the conversion. To clarify from the last meeting, the stoplights will indicate the "walk" and "no walk" signals on Highway 9. We are just removing the push buttons to change the lights because the buttons don't work. Black Hills Energy visited with some staff for an annual update and commended the City on our tree program. Notre Dame 3rd graders will come to City Hall to learn about local governments. The Crestwood 3rd – 6th graders attended a movie last week and K-2nd graders will attend one next week at the Theatre. Everyone is encouraged to wear 150th T-Shirts every Friday to promote the celebration on July 22-24, 2016.

Mayor Bohle opened the public hearing for proposed Ordinance #462 amending the Code of Ordinances by amending Code Section 92.02 and 92.03 pertaining to water rates. There were no written or oral comments and the public hearing was closed. The Mayor performed the second reading of proposed Ordinance #462 pertaining to water rates. Carman made a motion to approve the second reading. Bouska seconded and it passed all ayes.

Mayor Bohle opened the public hearing for proposed Ordinance #463 amending the Code of Ordinances by amending Code Section 99.02 pertaining to sewer rates. There were no written or oral comments and the public hearing was closed. Mayor Bohle performed the second reading of proposed Ordinance #463 pertaining to sewer rates. Bouska made a motion to approve the second reading. Carman seconded and it passed all ayes.

Due to an error in the publication of the notice in the newspaper, the public hearing for the amendment to the budget will need to be rescheduled. Bouska made a motion to set the public hearing for June 6, 2016 to amend the budget for fiscal year ending June 30, 2016. McGee seconded and it passed all ayes.

Richelle Schmauss addressed Council to request a crosswalk be painted and signs installed on Highway 9 at the intersection of 3rd Street SE by Northeast Iowa Appliance. Concerns were raised that just painting a crosswalk may give a false sense of security to people crossing a busy highway at an uncontrolled intersection. Consensus was that pedestrian and bikes should cross at the two intersections with stoplights. Rod will check with the Iowa DOT about signage reminding drivers to watch out for pedestrians.

Jess Byrnes addressed Council to see if Chapter 74 of the Code of Ordinances could be changed because he felt the rules are too strict for UTV's. He felt they made sense for the golf carts but that UTV's have more safety features and should not have restrictions on their operations. He was most concerned with restrictions keeping them off primary roads (Highway 9,

Granger Road and Protivin Road) and also that they are not allowed to pull trailers. Council took his suggestions under advisement and will discuss issues with the Police to get their input. Some communities do not even allow any UTV's on city streets. The cost of changing the ordinance must be taken into account for just a few exceptions as well as the impact this could have on other UTV's that may not have all of the safety equipment that would be required if there were less restrictions.

Carman made a motion to approve a Resolution Authorizing the Mayor and City Clerk to Enter into an Agreement for Extension of Lease with Northeast Iowa Area Agency on Aging. McCarville seconded and it passed all ayes.

Carman made a motion to approve a Resolution Authorizing the Mayor and City Clerk to Enter into an Agreement with Group Services to Provide Third Party Administration and be Assigned Agent of Record. McCarville seconded and it passed all ayes.

Bouska reported that she and the City Clerk reviewed the two proposals received for auditing services. The total cost for the three year contract was exactly the same. Qualifications and experience appeared very comparable. Hogan Hansen current clients are mainly schools and Gardiner Thomsen are mainly county governments. The City Clerk from Charles City highly recommended Gardiner Thomsen when we called to ask about her experience with them. Cresco has had very good experience with Hogan Hansen since 2002 when they started auditing the city. Bouska recommended hiring Gardiner Thomsen just because changing auditors periodically is good practice. McGee made a motion to approve a Resolution Authorizing the Mayor to enter into an Agreement with Gardiner Thomsen, PC to Perform Auditing Services. Carman seconded and it passed all ayes.

The Mayor performed the third reading of the summary of proposed Ordinance #461 pertaining to nuisance definitions. Carman made a motion to approve the third reading. Bouska seconded and it passed all ayes.

Carman made a motion to approve Ordinance #461 amending Chapter 50, Nuisance Abatement Procedure of the Code of Ordinances, City of Cresco by amending Section 50.02. McCarville seconded and it passed all ayes.

Clair Pecinovsky, manager of the Cresco Airport, reported that he received a quote to paint two doors and the west side of the hangars for \$2,500. The Airport Commission discussed this quote and then decided that maybe they needed to paint all of the hangars and the roof. They decided to go for quotes on painting all of it by mid-June so they would be done for the 150th Celebration. The new addition looks nice and they were hoping to make it all look better by painting it all a uniform color. It was decided that it should all wait until the next budget year and be presented to council with different options and quotes submitted with the normal budget requests.

A Public Informational Meeting will be May 23, 2016 at 6:30 pm at City Hall with WHKS to explain the Sump Pump Inspection Program. City Hall has received many phone calls with questions after the letters were mailed out so hopefully people will attend the informational meeting. There is also a lot of good information on the website CrescoSump.com especially in the FAQ section. Every property will be inspected whether there is a sump pump or not because there is other clear water that could be connected to the sanitary sewer.

Mayor asked if there were any comments from the audience and there were none.

Carman moved to adjourn at 7:45 pm. Bouska seconded and it passed all ayes. The next regular Cresco City Council meeting will be June 6, 2016 at 7:00 pm at Cresco City Hall.

Mayor Mark Bohle

City Clerk Michelle Girolamo

The Cresco City Council held a special public informational meeting on May 23, 2016, at 6:30 pm at City Hall. Council Members Carman, Bouska, McCarville, Brenno and McGee were present. No council members were absent.

Angie Kolz, an engineer from WHKS, presented an explanation of what a sump pump inspection project entails and why it is beneficial to the City. The City spends a lot of money treating rain and ground water that should be discharged through the storm sewers instead of the sanitary sewer system. Especially in high rain situations, the gallons treated at the sewer plant spikes tremendously. This could force the City into increasing the size of the wastewater treatment plant to accommodate the average flow, which is increased due to the spikes during storms. The additional water pumped into the sanitary sewer by sump pumps also takes up the capacity of sewer mains and can cause sewer backups into homes and businesses.

The City will be inspecting every building that is connected to the sanitary sewer system to make sure that clear water is not being directed into the sanitary sewer. The City is split into 5 sectors to reduce driving time between inspections and it will take about a month to inspect all the buildings in each sector. Each sector will get a letter with a password and login information to schedule the inspection. Inspections can be scheduled online or by calling WHKS at (844) 630-0878.

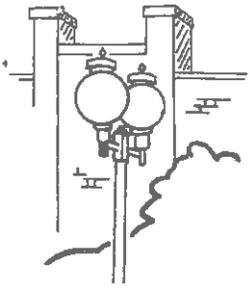

There is a lot of information on the website CrescoSump.com about the program including the power point presentation from this meeting. She answered some frequently asked questions and also answered individual questions afterwards. The meeting was recorded and will be played on Mediacom Channel 3 several times over the next few months.

The council discussed two quotes for an air conditioner because one broke down at the Theatre and needs to be replaced as soon as possible for the projector room. Cresco Heating & Ventilating quote was for an air conditioner and furnace for \$5,924.82 to replace both old inefficient pieces of equipment. Gosch's Plumbing, Heating, and Well Service for \$2,306.23 for a heat pump which provides heating and cooling for the projector room only and continue to use the old furnace for the other two rooms since they are not use much and minimal heat is needed. Bouska had concerns regarding the placement of the air conditioner. Carman made the motion to accept the quote from Gosch's. McGee seconded and it passed all ayes. McCarville approved a downpayment of \$1,600 be made immediately to Gosch's. McGee seconded and it passed all ayes.

The special meeting was adjourned at 7:20 pm. The next regular Cresco City Council meeting will be June 6, 2016 at 7:00 pm at Cresco City Hall.

Mayor Mark Bohle

City Clerk Michelle Girolamo

60.08 PARADES REGULATED. No person shall conduct or cause any parade on any street except as provided herein:

1. "Parade" Defined. "Parade" means any march or procession of persons or vehicles organized for marching or moving on the streets in an organized fashion or manner or any march or procession of persons or vehicles represented or advertised to the public as a parade.
2. Permit Required. No parade shall be conducted without first obtaining a written permit from the City Council. Such permit shall state the time and date for the parade to be held and the streets or general route therefor. Such written permit granted to the person organizing or sponsoring the parade shall be permission for all participants therein to parade when such participants have been invited by the permittee to participate therein. No fee shall be required for such permit. Permit forms are available at City Hall.
3. Parade Not a Street Obstruction. Any parade for which a permit has been issued as herein required, and the persons lawfully participating therein, shall not be deemed an obstruction of the streets notwithstanding the provisions of any other ordinance to the contrary.
4. Control by Police and Firefighters. Persons participating in any parade shall at all times be subject to the lawful orders and directions in the performance of their duties of law enforcement personnel and members of the Fire Department.
